

Calculus of Hate

How Natives do persist
in their ungratefulness!

Look no further than our
American Indian, though

Africans, too, never learned
after courses of exhausting
benevolence. Now Iraq, where

they despise each other most
thoroughly, & us for-

ever more. Oh well! White
Man's Burden has always
been a load. It has

thrust us to our knees,
convenient for Christians,
& other blowjob artistes.
